Sir:

In response to the Office Action dated April 8, 2002, please amend the above-identified application as follows:

IN THE CLAIMS:

Please amend claims 17-22 as follows:

17. (Amended) A kit for corrective surgery for a cornea of an eye having a main optical axis, comprising:

an ultrashort pulse laser adapted to separate the internal area of the cornea offset from the main optical axis into first and second internal surfaces to form a corneal flap;

an ocular implant adapted to be inserted in between the first and second internal surfaces of the corneal flap; and
